

## THE STUDENT GROUP

The Student Group Course is run by The Questors Theatre on behalf of and under the auspices of the Middlesex County Council Education Committee. The Course offers two years' preliminary part-time training in the Art of Acting and it is intended for amateurs who are seriously interested in the theatre and is primarily, but by no means exclusively, aimed at training actors and actresses for the main acting group of The Questors Theatre.

The three one-act plays presented this evening are all, in their way, classics. Each play requires a different style of acting and they have been the focus of study for the Second Year Student Group.

"The Wedding" is one of Chekhov's earliest plays and is a highly amusing study of a provincial wedding celebration. The plot of "Cavalleria Rusticana" is that of the popular opera of that name, and is played against a background of village gossip and intrigue.\* "Holiday in Biarritz" is a study of dream and reality in the small commune which operates an insignificant railway station. This play was first performed by the Comédie Française in 1936.

\*This will be the first performance in this country
