It may be that you have enjoyed the show. Or it may be that you have not. There may be things about the play that have puzzled you. Or not. In any case, you will surely think it is worth talking about. Or listening to others talk about it. If so, come to the

OPEN DISCUSSION

which will be held on TUESDAY, 25th MAY at 7.45 p.m. in the BERNARD SHAW ROOM. The Discussion will be led by the well known playwright

JAMES SAUNDERS

Some years ago James Saunders shared a bill with Harold Pinter when both contributed to a programme of short plays presented at the Comdey Theatre under the title *Mixed Doubles*. At The Questors we have produced even more Saunders' plays than we have of Pinter's, though both playwrights have figured prominently in our programme.

While one successful playwright is uniquely placed to talk stimulatingly about the work of another successful playwright, it is your views we would like to have as well.

So do come along

TUESDAY, 25th MAY at 7.45 p.m. in the BERNARD SHAW ROOM

All are welcome

SIXTH INTERNATIONAL AMATEUR THEATRE WEEK: 19-26 JUNE 1982

On display in the West foyer are photographs and programmes about previous IATW at The Questors, and a board in the main foyer gives information about our approaching International Theatre Week. We hope all this will encourage you to book early for this exciting event.

SALE OF PLANTS FOR HOUSE AND GARDEN

Over the weekend of June 12/13th, members and friends will enjoy an unprecedented opportunity to buy useful and attractive plants at a fraction of Garden Centre prices — and to support their theatre at the same time. The sale will be in the forecourt of The Questors (or in the case of inclement weather in the foyer) from 11.00 a.m. to the early evening of each day. All proceeds will go to The Questors' Development Fund and will be used to improve the theatre heating.

P.S. If you are green fingered and would be willing to donate suitable plants and cuttings for the sale we should be most grateful. Please contact Kay Barwick by telephoning 997 4522.
