LOVE'S LABOUR'S LOST

by William Shakespeare

The Questors' 51st Student Group present one of Shakespeare's best known comedies. Four young men swear off love in order to focus on their studies. (Oh, how times have changed!) Led by the King of Navarre, they find this promise almost impossible to keep when visited by the Princess of France and her entourage. The women are highly amused at their dilemma and set them on a quest to prove their love. As always there's real pleasure in watching events unfold.
