Lucky Eric

A survivor of many a club fracas, Eric is Mr Cinder's head bouncer. After finding his wife in an inhuman position with a 16 year old clubber, Eric's world has started to fall apart. Just remember, don't push him....

Judd

Recently released from Drifffield Jail after serving 4 months for harsh language in a monastery. Judd is new to the bouncing game.

A stick of dynamite waiting to be lit, Judd sees Eric as an old man losing his edge. But how sharp is Judd....?

Ralph

Ralph's interests in the eastern martial arts have led him to a pursuit of peace and inner calm.

After losing his temper live on Kilroy in the late 1980's (from which Robert Kilroy-Silk still suffers with a nervous twitch), Ralph is now the model of restraint.

Les

Despite not being blessed with the sharpest tools in the shed, Les is perhaps the most dedicated of the bouncers.

Once an army recruit, Les was discharged after leading his platoon into a disused quarry in Sussex - 25 miles off target.
